

Bigelow Laboratory for Ocean Sciences

East Boothbay, ME

Bigelow | Laboratory for
Ocean Sciences

Bigelow Laboratory for Ocean Science's mission is to investigate the microbial drivers of global ocean processes through basic and applied research, education, and enterprise. What we are learning will be essential to the conservation and responsible use of the ocean and the many valuable services it provides.

Strategic Programs

- Independent non-profit
- Microbial oceanography
- Ocean biogeochemistry
- Genomics
- Ecosystem modeling
- Global perspective
- Undergraduate experiential learning
- Committed public outreach

Key Facilities

- National Center for Marine Algae and Microbiota
- Single Cell Genomics Center
- Flow Cytometry Center
- Bigelow Analytical Services
- Seawater Mesocosm Facility
- Gulf of Maine Time Series (GNATS) and Long Term Dock Study
